

Dear Principal,

On behalf of our congregation, thank you for your work with the young people of our city. We appreciate your leadership and the work of your entire faculty and staff.

Our congregation values education and encourages families to support and direct their children to focus on their school work and do the best with the gifts they have been given.

We also encourage active participation in the life of our congregation, and especially hope that young people can take part in the ministries we offer.

As is the custom in many congregations, we hold choir, education and fellowship activities for youth on Wednesday afternoons and evenings. Because our young people attend a variety of schools across the Twin Cities, Wednesday night is the only time that they gather to interact with their peers and to learn. Their participation in our activities and in worship on Sunday mornings is a key aspect to what we believe allows them to grow in faith.

We appreciate any leadership you can offer to minimize the amount of homework and activities that are assigned to young people on Wednesdays, so that youth do not need to refrain from attending church activities in order to complete school work.

Thank you for your attention.

Sincerely,

Lois Pallmeyer
Pastor of Faith Formation
